## THE MULTICHANNEL SALES FACILITATOR

Multichannel Sales has evolved as a go-to business strategy for online merchants. The strategy involves selling the items on popular eCommerce marketplaces, social commerce platforms, comparison engines and more. Get started with your multichannel-strategy with robust and easy-to-use Magento Multichannel Plugins and sell on the largest online consumer platforms including 50+ eCommerce marketplaces worldwide.

In our quest to democratize e-commerce, we hold skills in turning out ideas into brilliant marketplaces.

### MULTICHANNEL INDUSTRY STATISTICS

### EUROPE | MARKETPLACE STRATEGY

Ecommerce in Europe is predicted to do a turnover of 690 billion euros. Cross-border purchasing behavior is also prevalent among European customers. Additionally, the average customer spending rate is on the higher side for the entire region. Therefore, it becomes quintessential for merchants to list products at the largest eCommerce marketplaces.
